

CoverJock - Download new dancers

Would you like to know how to download dancers into CoverJock. We will show you in three easy steps.

Open Control Panel

On the first screen select **Dancers** then click **Import New Dancer**.

From the CoverJock main screen click **Request Dancer** at the top of the dancers rotation list.

Search for Dancer

You will see a list of all recorded dancers names available for you to download, simply search for name then click **Download**.

In the top right hand corner a progress of the download will appear showing how long to go until the name is ready to be used.

Request Dancer

If by chance the name is not in the list, type the full name in the search box then click **Request Dancer**.

The dancers name will be available within 24 hours. Once complete it will download automatically into CoverJock.
